Healthcare+ Pathways® Internship Program
This two-week, paid summer internship program provides unique career exploration opportunities, giving rising high school freshmen from historically under-represented groups within the biomedical sciences the chance to learn from Cleveland Clinic caregivers and community partners.

NEOREMA™ (Northeast Ohio Research Education Medicine Alliance) Internship Program
This four-week, paid summer internship program – offered through a partnership between Cleveland Clinic, Cuyahoga Community College, and Kent State University – provides real-world experience and academic enrichment to rising high school sophomores from historically under-represented groups within the biomedical sciences.

Health Horizons Internship Program
This nine-week, paid summer internship program gives rising high school juniors and seniors enrolled in Y.O.U. (Youth Opportunities Unlimited) the opportunity to learn about various healthcare professions while working alongside Cleveland Clinic caregivers.

Science Internship Program
This nine-week, paid summer internship gives rising high school juniors and seniors the opportunity to learn alongside Cleveland Clinic caregivers in various fields. Students may apply to one of the program’s nine tracks: Applied Medicine, Creative Learning, Laboratory Medicine, Nursing Care, Pharmacy, Public Health, Radiology, Respiratory Care, or Translational Medicine.

Applications, support documentation, teacher recommendations, and guidance counselor recommendations must be submitted via our online forms before 11:59 p.m. on Friday, January 8, 2016.

For more program-specific information, eligibility criteria, and FAQs, please visit us online at www.CivicEducation.ClevelandClinic.org.
Join us for “Destination: Application”! Designed for students, parents, and educators, this informational workshop simplifies Civic Education's internship applications, and provides valuable pointers on how to improve your odds of securing any internship or employment opportunity. Register online to reserve your spot at one of the four sessions listed below. Simply go to www.CivicEducation.ClevelandClinic.org and click on “Destination: Application.” We hope to see you soon!
